Join [Jigsaw](#) and the Carnegie Endowment for International Peace to explore diplomacy in the digital age—the threat environment, the policy imperatives, and the role of the private sector.

State-sponsored cyber attacks have crippled critical infrastructure, manipulated elections, and ushered in a new age of high-stakes espionage. The threat are multiplying and outpacing the policy response. The need for new doctrines and concepts could not be more urgent. That will require both the private and public sector, especially when it comes to the use of active cyber defense by the private sector. This event will draw on the expertise of distinguished policy, legal, and technical experts to help clarify the contours of the strategic landscape and the specific challenge of active cyber defense by the private sector.

Hi all, we will meet again next week to try to get toward final recommendations for another option memo to S1. OCP will provide a roughly 2-page “what works” document; (b)(6) will circulate a very drafty S1 memo; and we will take stock of where we are at for rec’s.

Can we make sure we have representation from at least OCP, FEMA, OGC, OPA, and relevant FO folks? Thanks.

This morning's PA Huddle is cancelled.

Everyone's daily reports have been looking great and are much appreciated by our Front Office and the WH. Remember, lead PAs in each Directorate and/or Component Agency must submit their respective reports daily; no exceptions. Thanks!

If you need anything that cannot wait until tomorrow's meeting, do not hesitate to call.

Have a great day,

**This morning's PA Huddle is cancelled.**

Everyone's daily reports have been looking great and are much appreciated by our Front Office and the WH. Remember, lead PAs in each Directorate and/or Component Agency must submit their respective reports daily; no exceptions. Thanks!

If you need anything that cannot wait until tomorrow's meeting, do not hesitate to call.

Have a great day,
